

In the midst of Clifton...

is one of its best kept secrets. We call it Piedmont Mews. We know you'll call these studio, one and two-bedroom apartments a great place to live because many of our residents do. You'll love the convenient location—minutes from grocery shopping at University Plaza or the unique shops and popular eateries of the Short Vine area. Residents also love the fact that they can catch the shuttle to the U.C. campus right outside their apartment.

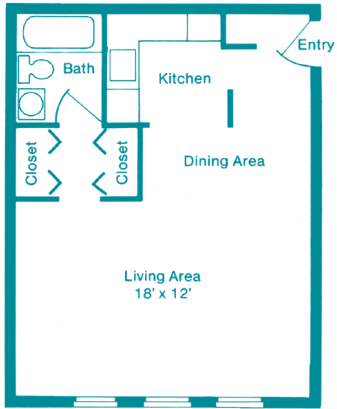

But there's nothing more important to today's busy professionals and students than carefree living. Towne Properties ensures prompt and efficient service for Piedmont residents with its 24-hour emergency maintenance policy.

Next to carefree living, Piedmont residents value their privacy most. The gate controlled off-street parking and electronically controlled entry ensures just that. But such hard-to-find amenities don't stop there. Perhaps the biggest surprise is the beautifully landscaped, private inner courtyard with a sparkling pool and sundeck, a rare retreat in the heart of the U.C. medical complex.

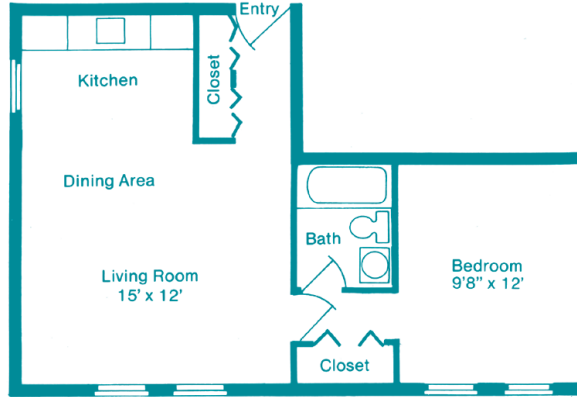

We call it Piedmont Mews.
We hope you'll call it home.
